

## **CALL FOR CATALYTIC PROJECT PROPOSALS**

INSETA hereby calls for catalytic proposals that address skills development in the insurance sector. Proposals will be considered from South African public TVETs, UOTs and Universities, employers in our sector, burial societies, coops, NGOs, Professional bodies and industry associations.

Proposals that are innovative, technology focused and impactful within the following areas will be given preference:

- SME's
- Youth
- Systems/ Business/ Data Analysts and Systems Developers training programmes (international programmes can be considered)
- Post-academic Actuarial Science Support up to professional designation
- Regulatory support
- Any other proposal that is innovative and provides significant sector impact will be considered

Proposals must include a cost breakdown.

Proposals that align to PIVOTAL programmes such as learnerships, internships and skills programmes will not be considered.

Received proposals will be evaluated in accordance with the INSETA Discretionary Grant Policy on the basis of their impact in addressing skills challenges in the Insurance Sector.

Proposals must be submitted to [proposals@inseta.org.za](mailto:proposals@inseta.org.za) before 16h00 on **28 February 2019**.

No late proposals will be considered.
