HAPPY NEW YEAR

CEO MESSAGE

Dear Colleagues

Happy new year to you all. I hope you celebrated the start of 2020 in good spirits with family and friends.

Now that we're into January, it's good to look ahead and think about what this year may bring us. But first, a quick look back.

During the past year, our hard work resulted in the extension of INSETA for a period of 10 years, enabling us to position INSETA for the future. This extension represents the significant progress we have made in building, strengthening and executing our mandate to build a capable and skilled workforce.

The country's high unemployment rate amongst our youth remains a serious challenge, especially when the class of 2019 matriculants may join this pool of unemployed. But no matter what the circumstances are, we must not lose sight of our priorities and INSETA's purpose

to grow the pool and quality of scarce and critical skills in the insurance sector, enhancing the sector and supporting the country's transformation goals.

It's important for us to use our time wisely and move forward as decisively and swiftly as we can in 2020. That will only be possible with your continued dedication and teamwork. We need to continue to work together as we charter the new way forward in the plans outlined in the NSDP 2030.

I encourage all of you when making decisions, to evaluate not only what is best for our industry, but also consider the potential impact on other parts of our economy.

The past year has had a significant impact on all of us, and I would like to thank you for your tireless support and dedication during these challenging times. The year ahead will bring its own challenges but I'm sure by working together,

keeping focused on our priorities and putting our stakeholders within the INSETA first, we will realise our ambitions. These will certainly continue to be my priorities and I am convinced I can count on you to do the same.

Much of the credit for INSETA's success is due to our dedicated employees. I would like to thank each and every one of you for your hard work, passion, and the part that you have played in our SETA's success. I look forward to your continued support as, together - we take the INSETA into 2020!

Sincerely,
Ms. Nadia Starr
