

BUSINESS RESCUE, TURNAROUND & SUSTAINABILITY

SHORT COURSE

Dear INSETA Valued Stakeholder,

You are invited to apply for a Business Rescue Turnaround and Sustainability Short Course offered by the University of KwaZulu-Natal (UKZN) in collaboration with the Insurance Sector Education and Training Authority (INSETA). This opportunity is for South African companies with a dynamic mechanism to adapt and navigate through the economic uncertainties currently being faced.

The programme modules include Competitor Intelligence, Product Financial Distress Prediction, Business Rescue, Turnaround Management, Restructures, and Sustainability Strategies for the SMEs within the ambit of the broader insurance sector. This short course will build capacity for the insurance industry players on business and its turnaround and ultimately sustain an improved financial rehabilitation of financially distressed businesses in South Africa.

WHAT TO EXPECT FROM THE PROGRAMME?

- Knowledge of being able to identify appropriate strategies to employ in the business and propose potential turnaround strategies in cases of financial distress.
- Understanding to appreciate relevant regulations and legislative instruments impacting the success of the business turnaround strategies as well as issues underpinning finance and recovery.
- Knowledge of how to engage with relevant business stakeholders and apply appropriate business sustainability strategies for their business.

The programme will start in June 2022 and will run for three weeks to the end of June 2022. A limited number of participants will be selected and recommended by the UKZN to participate after going through an application process. Upon successful completion, the participants will receive a certificate of attendance.

TO QUALIFY TO APPLY FOR THE PROGRAMME YOUR BUSINESS MUST:

- Commit to putting aside time to participate in course activities and complete the course
- Submit applications by no later than 7 June 2022
- Priority will be placed on all businesses in the insurance-related sectors.
