Dear INSETA member,

INSETA-DUT Research Study on Drone Technology and its impact on Small, Medium and Micro Enterprises (SMME's)

The INSETA is working with the Durban University of Technology on Drone Technology research in the Small, Medium and Micro Enterprises (SMME) sector. The research will provide the INSETA with a deeper understanding drone technology adoption in the SME sector.

DUT invites SMME's from the insurance sector to complete a questionnaire on Drone Technology via the link provided below.

NB: Please copy and paste link into browser. The closing date for completion of the questionnaire is 10th March 2024.
